## ANOTHER CAUCUS

Held in the Washington Fire Department Sleeping Rooms by the Members of the City Council Last Evening—Toll Elected Sergeant.

A caucus was held by the members of the City Council last evening in the sleeping quarters of the Washington Fire Department over the Washington Opera House. The session did not last any length of time and was very peaceable according to what we could gather.

Following the caucus the Ledger representative obtained the result of the meeting which was as follows:

Fire Chief—Ruliff Newell.  
Firemen—Andrew Reed, James Buckley, Russell Greenlee and George Duley.

Police Sergeant—William Tolle.  
There was no one running for the position as firemen but there were several candidates in the field for night sergeant and this made it a very difficult thing to pick the winner. We do not in the least doubt that Mr. Tolle will make an excellent sergeant as he has been a policeman and we wish him the best of success in that position.

## WAS AWARDED PRIZE

Mr. James Broshears of this city, supervisor of track on the Cincinnati Division of the C. & O. Railroad, has been awarded a second prize of \$50 for having the second best kept division on the system. The first prize went to a supervisor on the Ashland division of the railroad. Section foremen Sears of Robbstown, and Ew McNutt of Dover, were awarded first and second prizes respectively under Mr. Broshears for the best kept section. This record certainly speaks well of Mr. Broshears, who has had charge of this section of the division for only a few months. He is regarded as one of the most capable men on the entire system and he certainly is a very efficient and capable supervisor.

## SUES FOR BREACH OF CONTRACT

Suit was filed with Circuit Clerk James B. Key this morning by W. E. Wells against W. H. Polly through his attorney Charles L. Daly. Mr. Wells claims that he purchased Polly's interest in a crop of tobacco and that the latter agreed to deliver it at the Farmers Warehouse on or after December 1. The price to be paid was 13½ cents per pound. The petition states that Polly has refused to abide by his contract and has his tobacco on the floors of the Home Warehouse for the purpose of sale. He asks for a judgment of \$360 and an order of attachment against the plaintiff.

## BRILLIANT AFFAIR

WAS LAST EVENING'S CHARITY BALL GIVEN BY MAYSVILLE COMMANDERY KNIGHTS TEMPLAR.

Banquet, Dancing and Esberger's Orchestra From Cincinnati Delight 200 Guests.

Maysville Commandery No. 10 Knights Templar has noted reputation for hospitality and every function given in its Asylum adds to its laurels as entertainers.

Last night's charity ball was one among the many brilliant, charming and satisfactory events of Christmas week, which has given the Knights well deserved fame and praise.

The musical program was delightful and was furnished by Esberger's orchestra of Cincinnati with eight artists, under the direction of conductor, Walter Esberger.

The symphony concert lasted from 8:30 until 9:30 at which hour the dancing started.

At 11:30 a delicious luncheon was served in the banquet hall by the Mason County Health League. The luncheon was both dainty and satisfactory.

## SUFFERS CRUSHED HIP

Mr. A. R. Glascock suffered a very severe accident yesterday about noon when he had his hip crushed. His condition is thought to be serious.

Maysville Blue Grass Band at the Skating Rink tonight.

## INDOOR BASEBALL

Game Will Be Opened in the Thomas Building on North Market Street This Evening at 7:30 O'clock—Promises to Be Great Sport.

As will be noted in another part of the Ledger the indoor baseball game will open in the old Thomas building on North Market street tonight at 7:30 o'clock. This game holds the promise of becoming very popular in this city and looks to be very interesting.

A Ledger representative visited the building yesterday afternoon and the workings of the game were explained to him. The game is played similar to outside baseball. The ball is thrown to the batter automatically who hits it if possible. The ball is thrown at varying speeds and at different angles. Home runs, three base hits, etc., are counted by the place to which the ball is knocked by the batter. A home run counts four points, a three base hit three points, etc. A total of nine innings is played by the batter and at the end his score is told.

The game will be under the management of Messrs. Charles Frohne and William Doyle. The latter gentleman is well known in this city being a promoter of the old Bluegrass and the Ohio State Leagues. Mr. Frohne is a brother-in-law of Mr. Doyle and is an excellent gentleman.

The game of indoor baseball is not confined to ball players but all can participate in it. The only exertion is in the batting, no running being necessary. The game was invented on the Pacific Coast about two years ago and since that time has spread all over the country. It is fast becoming one of the most popular indoor sports. The gentlemen have expressed the plan of organizing teams to play one another and later if this is accomplished leagues will be organized and the game carried out as it is in the regular outdoor game.

## WEDDING RECEPTION

Misses Mary and Julia Stevens, sisters of Miss Roberta Stevens, who was married in this city Tuesday to Mr. Warren G. Poe of Covington, gave a wedding reception at the home of their parents, Mr. and Mrs. Monroe Stevens, on Commerce street, Wednesday night, at which there were a large number of guests who attested their love and friendship and showed the high esteem in which the bride was held by showering her with handsome and useful presents and many good wishes. Dainty refreshments were served. The bridal party left Wednesday morning for their new home in Covington. The Ledger joins their hosts of friends in wishing them all the good things this life affords.

## JAPANESE COMPETITION INCREASING

Every American citizen who feels an interest in the future of American industry, should reflect upon the significance of the facts stated in the following quotation from an article by a staff correspondent of the Philadelphia Public Ledger:

"Japan is doing her utmost to supply America with foreign products, improving machinery from the United States with which to manufacture goods for which she gets German patterns, and the opportunities offered by the cheap labor and unhampered manufacturing in Japan. American manufacturers cannot compete with it."

It is noticeable, also, that Japan is importing from the United States large quantities of raw materials which she is turning into manufactured goods and shipping back to this country to displace the products of American labor, the Wilson-Underwood tariff law giving her plenty of encouragement in this direction.

For example, Japan took from us during the first nine months of 1914 over 74,000,000 pounds of cotton, the average export price being about 13c a pound; for the first nine months of 1915, nearly 122,000,000 pounds, average export price 10c a pound (that was when cotton was low and the South wanted us all to "buy a bale of cotton"); for the first nine months of the current year, nearly 211,000,000 pounds, average export price 14c a pound.

Now our manufacturers are beginning to experience a very keen competition from Japan in cotton goods. Mr. Chauncey P. Carter, who is in charge of the Department of Commerce exhibit in New York City, where many samples of Japanese goods are on view, said to a newspaper reporter recently:

"These exhibits show what advances the Japanese have made in the last few years. They are making and imitating Western clothes and selling them at prices lower than we can in many instances. Recently they have manufactured cotton hosiery, which caused much despair in that trade, as hosiery dealers were deprived of an important trade."

Between five and six hundred thousand operatives are employed by the textile factories in Japan, less than one-sixth of whom are males. They average 11 hours a day, and their wages run from 14c a day, in the case of female weavers, to 22.5c a day for the males. The spindles used are modeled after American spindles, and the Japanese are marvelously adept at this sort of work. In addition to this, the overhead charges which Japanese manufacturers have to meet are but a fraction of the charges which our manufacturers have to meet.

If we desire Japan to weave our cotton for us, displacing our labor and capital, we have but to continue the present tariff policy. And the same applies to several other industries.

## MERCHANT MARINE

No political capital can be made at this time by calling attention to the miserable extent to which the act of August 18, 1914, is failing to build up our merchant marine. It is too late now for the voters to do anything except to impress on those elected to congress the importance of trying to do something to improve conditions.

The report of the bureau of navigation shows that eight vessels, with an aggregate gross of 13,623 tons, were admitted to American registry since June 30 of this year. In the same period 48 American vessels, of 76,880 gross tons, were sold to foreigners. In other words, instead of building up our merchant marine, the laws enacted by the Democratic congress have resulted in an actual shrinkage of 63,257 gross tons since the first day of July.

Congress handed to Secretary McAdoo \$50,000,000 to be used in building up our merchant marine. That sum would not buy the ships that Americans have sold to foreigners in the last four months.

We need more than money to build up an American merchant marine. We must have an intelligent legislation, and we can not have it any too soon.

## NOT A LOCAL QUESTION

Any proposition to give the Negroes of the South the rights of citizenship which are guaranteed to them by the Constitution will be the signal for a tremendous hue and cry against "force." The great fight of 1890 will be reopened. It ought to be carried to a just conclusion. That fair elections in the Southern states would inure to the advantage of the Republicans ought not to be considered by any honest man. The fact is that human rights are trampled on in the South and there ought to be an end of it. The free expression of the will of American citizens is suppressed. The whole country suffers from it. It is not a local question at all. It is a national question and a question of "humanity." Senator Penrose's bill may be and probably will be very embarrassing to President Wilson, but it will be highly enlightening to the country to watch the course of one whose great heart yearns so ostentatiously for "mankind" when confronted with opportunity to do something for human beings that unquestionably will be to the disadvantage of his political party.—Pittsburgh Gazette-Times.

The politician is noted the world over for a vivid and fertile imagination, but certainly those senators and representatives in Washington who are able to persuade themselves that William Jennings Bryan had any part in the election of President Wilson "take the cake." When a man has twice bolted the party, has worked steadily against the principles enunciated in its platform, and has campaigned—as in the present instance—for an issue to which the democracy of his State was directly opposed, there is little room for the belief that he has been of value to the party.—Houston Post.

It is going to be possible for the Mexican people, or any other intelligent people, to take any stock hereafter in what we may undertake to do in or for Mexico? Has our course been such as to justify the confidence of the world at large in our ability to do anything in that country? When the European war ends and England proposes to settle the status of her citizens in Mexico and to demand and take reprisal for their wrongs and injuries, shall we be able to say "Hands off" to any effect?—Bridgeport Standard.

Selinsgrove (Pa.) Tribune, on highway bonds: A debt on posterity is just, provided it represents a tangible asset.

## U. S. NATIONAL BANKS' ASSETS SWISS NEUTRALITY IS GUARANTEED BY GERMANY

Washington, December 27—Resources of national banks of the United States, Comptroller Williams announced more than \$4,000,000,000 during the last two years, and now aggregate \$15,520,000,000, exceeding by about \$1,000,000,000 the total resources of the Bank of England, the Bank of France, the Bank of Russia, the German Reichsbank, the Bank of Italy, the Bank of Spain, the Bank of the Netherlands, the Bank of Denmark, the Swiss National Bank and the Imperial Bank of Japan combined.

In a settlement based upon returns from the last bank call, November 17, the Comptroller calls attention to the fact that the increase has been at the rate of approximately 18 per cent a year, during the last two years, as compared with 6 per cent a year for the ten-year period from 1904 to 1914, and that the total resources are at present more than double what they were ten years ago.

## THIRD KENTUCKY FIRED ON AGAIN

El Paso, Texas, December 28—A lively fusillade broke out shortly after midnight to the west of the city, where the Kentucky outposts are situated. Residents in the neighborhood were awakened by the firing and heard bullets singing overhead.

From a report received by the military authorities, fire was opened on the Kentuckians, who answered with a machine gun.

The outpost was fired on several nights ago from the Mexican side.

There are no fours nor forty-fours in Japanese telephone directories because the name of the figure four, "Shi," is the term for death.

## \$670,000,000 IN FOOD EXPORTED TO EUROPE

Washington, December 27—Food-stuffs continue to leave American ports for Europe in vast quantities. Figures published today by the Bureau of Foreign and Domestic Commerce show that in the first eleven months of this year they reached a value of about \$670,000,000, or at the rate of more than \$60,000,000 a month.

Bread stuffs lead in value of foods sold. In the eleven months they reached a total of \$404,000,000. Meat and dairy products amounted to

\$245,000,000. Shipments of cattle, hogs and sheep fell off during the year.

## B. & O. DECLARES DIVIDENDS

New York, December 27—Directors of the Baltimore & Ohio Railroad at a meeting here today declared a semi-annual dividend of 2 per cent on the preferred stock and 2½ per cent on the common stock. The dividends are payable March 1 to stockholders of record January 20.

## GERMAN BREACH

### CERTAIN, BELIEF IF PEACE FAILS

Wilson Wants Proposal to Go Through To End War and to Prevent Fulfillment of Sussex Threat—Pessimism Result of Allies' Position.

Washington, December 27—Despite a general feeling of hopelessness among government heads over prospects for peace, in the light of Germany's latest communication, men closest to President Wilson believed today he will strive to the utmost to prevent the situation getting beyond his grasp.

Two reasons they said, will actuate him, namely:

A desire to end the war and a desire, if possible, to avoid having to put through his Sussex note threat to break relations with Germany should she overstep her submarine pledges.

Officials made no secret of their pessimism over the probable allied rejection of the German proposal for a round table conference. This was the more emphatic because Germany does not propose now to link the idea of a world peace guaranty with the round-table session apparently. This allies want such a theme included.

### Door Not Closed

Men in touch with Wilson, however, said the "door is not closed" and that while the allies may throw down the German conference idea hard, Wilson still can move again, especially with the backing of neutrals.

Wilson's friends held he has placed himself in the position of at least a potential mediator and hence can not quit now unless his ideas are thrown down hard and fast.

While the idea of obtaining peace is uppermost in administration minds, there is among the inner circle a profound idea that a break with Germany is inevitable if present peace proposals fail utterly.

In fact, one of the highest officials told the United Press today that present plans call for no more note writing to Germany. He added that if the Marina, Arabia, and other cases develop clear complication of German pledges in the Sussex case or if Germany starts a new submarine campaign, then a break in relations can be the only answer.

He declared that President Wilson's peace note and Secretary Lansing's subsequent "verge of war" statement were in a measure educational, so that the country would not wonder what it was all about in event matters came to the breaking point.

## STRIKERS SELECT NEW YEAR'S DAY

New York, December 27 — New Year's Day promises to find New York engaged in a big labor struggle. Nine labor organizations with more than 150,000 members, now plan strikes to be effective that day.

The big drive of the Hotel and Restaurant Employees International Alliance will be at its peak when 1917 is ushered in. Union officials promise to carry the strike into the "lobster zone" and along Broadway and claim they will have 4,000 waiters out in sympathy with the union members, south of the Union Square. A plan to call out 15,000 shirt makers who are demanding a 20 per cent increase in wages has been announced. Other organizations which are planning strikes include watchmakers, bookmakers, petticoat makers, white goods workers and umbrella workers.

## 20,000 ARMENIANS REPORTED STARVING SAYS U. S. AMBASSADOR

New York, December 27—Fifty thousand deported Armenians are starving in the vicinity of Aleppo, Asiatic Turkey, as a result of a recent temporary suspension of relief appropriations, according to a cablegram from American Ambassador Elkus, received through the State Department at Washington and made public here tonight by the American Committee for Armenian and Syrian Relief. An appeal is made for increased appropriations to alleviate the suffering.

## DE FACTO TROOPS REVOLT

El Paso, Texas, December 27—The Carranza garrison at El Oro, about 100 miles southeast of Parral, revolted December 21, looted the stores of a mining camp and then started south to join the Villa forces at Torreon, a message received today from two Americans still remaining in the camp stated.

### ARE YOU RUN DOWN?

Awaken to the Danger and Aid the Weakened Kidneys.

Kidney sickness often runs you down to the verge of collapse before you know the cause. When you seem unable to pin your mind to any task, your back aches and you cannot do an ordinary day's work, it is time to ask yourself this question: "Are my kidneys working right?" The answer may be easily found.

Weak kidneys slacken their filtering work and the uric acid circulates with the blood, in many cases, attacking brain, nerves, muscles and vital organs. Don't wait for the serious trouble—begin using Doan's Kidney Pills when you feel the first backache or first notice kidney disorders. This remedy has given new life and strength to thousands.

Proof of merit in a Maysville woman's statement.

Mrs. Harry Mann, 495 W. Second St., says: "About two years ago, I suffered from an attack of kidney trouble that had lasted for a long time. I had a dull, constant ache in the small of my back and the pains were often sharp. I was also dizzy and felt tired and languid. Two boxes of Doan's Kidney Pills cured me and I haven't been bothered by kidney trouble since. I gladly advise anyone to get a box of Doan's Kidney Pills at the Chenoweth Drug Co., if troubled by their kidneys."

Mrs. Mann is only one of many Maysville people who have gratefully endorsed Doan's Kidney Pills. If your back aches—if your kidneys bother you, don't simply ask for a kidney remedy—ask distinctly for DOAN'S KIDNEY PILLS, the same that Mrs. Mann had—the remedy backed by home testimony, 50c all stores. ## A Suggestion TO

### Tobacco Growers

Nothing, in our opinion, is so liable to seriously effect the present satisfactory prices of Tobacco as the over crowding of the market.

Our advice to you is, bring each wagon load to market just as soon as you get it ready. Don't delay until you get your whole crop, or the most of it stripped. To do so will be a mistake.

A steady market is always better than a glutted one. Don't get too much here at once. As our house is the largest, we are helped most by a rush; but, we know that what is not good for you is not, in the long run, good for us.

## We Are For What Helps Everybody Most

That is the reason we so carefully sort and handle each crop of Tobacco before offering it for sale.

Bring each load, as soon as ready, to the

## \$50,000 DAMAGES

Asked By the Equitable Trust Co. of Dover as Administrator of Thomas Heron Against the Bates & Rogers Construction Co.

Suit was filed yesterday with Circuit Clerk James B. Key by the Equitable Trust Co. of Dover as administrator of Thomas Heron, deceased, against the Bates & Rogers Construction Co. Hon. A. D. Cole of this city represents the plaintiff.

In the petition the plaintiff states that their intestate, Thomas Heron, was employed by the Bates & Rogers Construction Co., as a laborer together with other laborers, under the direction of a foreman, and also in the employee of the said defendant in doing manual labor in connection with the said construction work not far from one of the defendant's iron smoke stacks used by it to conduct smoke and steam from one of its engines and boilers operated in connection with the said construction work when said iron smoke stack, which had been erected by the defendant, being insufficiently defective and dangerously held in place, broke and fell upon and hurled the said intestate, Thomas Heron, to the ground; that thereby he was greatly bruised on and about his person and his back was broken; that thereby he became paralyzed in the lower part of his body and thereafter, as a result of the said injuries, died, to the damage of his estate in the sum of \$50,000.

The plaintiff further states that the accident was caused by the gross negligence and carelessness of the defendant. The iron smoke stack erected by the defendant was insufficiently, defectively and unsafely attached and held in place and rendered the place in and around the same within a radius of its length and unsafe place in which to work.

The plaintiff asks for the sum of \$50,000 in damage for the death of Heron and all costs.

## ALUMNI GAME TONIGHT

Team of Graduate of the High School Will Meet This Year's Team in the Auditorium of the Central District Building Tonight.

Tonight in the auditorium of the High School, the regular team of that school will meet a team picked from the Alumni of the school. The game promises to be very interesting and a large crowd is expected out to see the two local team play each other.

The line-ups for the two teams will probably be as follows:

Alumni—Marsh, center; E. Parker and Hampton, forwards; Shea and Dickson, guards; Fitzgerald and Clarke, substitutes.

High School—Wood, center; Smoot and Everett, forwards; Downing and Browning, forwards; S. Parker and Bowman, substitutes.

In former years the contests between the Alumni and the High School teams have always been a walkaway for the latter owing to the lack of organization and team work in the Alumni team. This will not be so this year as the Alumni team has been picked from men that have either been playing in college or who have been playing at night at the High School. They have had several practices together and all of the team feel that they will give the High School boys a tough tussle.

On the other hand the High School team has had the experience of playing several of the strong teams in this section and have been victorious in every contest thus far played except one. This experience will be very valuable to them and they are confident of adding another scalp to their string.

The outcome will be watched by a large number of alumni not on the team and the High School students and those interested in that organization.

## A MISTAKE ON OUR PART

In yesterday's issue of the Ledger we stated that Mr. H. Sam True, who died in Louisville on last Tuesday was a candidate for the nomination as Circuit Clerk in the Democratic primary in 1915. This was a mistake on our part as Mr. True has not been a resident of this county for a great number of years and we confused him with another Mr. True.

## TOBACCO SALES

For the Opening Day After the Christmas Holidays Are Rather Heavy With Prices Ranging From \$8.75 to \$31.

The opening sales after the holidays yesterday were rather heavy and a total of 350,000 pounds of tobacco was sold at prices ranging from \$8.75 to \$31 per hundred. The offerings at the various houses were considered medium but the market continued strong as in the past.

Two sets of buyers were on the breaks yesterday and the sales progressed much more rapidly in this manner. This will continue during the rush seasons and the farmers are assured of having their tobacco sold within two days after delivery.

The recent damp weather has brought a great deal of tobacco in shape and almost every farmer has at least part of his crop stripped and ready for marketing. A great deal of tobacco will doubtless reach this market on Saturday and Sunday and sales are expected on Monday.

**DIES FROM BURNS**

Mrs. Octavia Crosby died at the Hayswood Hospital on Wednesday evening after being confined there for some time as a result of burns sustained when a gas stove exploded at her home on Union street several weeks ago. Mrs. Crosby was born in New Hampshire in 1838. She was twice married and is survived by one son, Mr. Charles C. Levitt of Seattle, Wash. The funeral will be held from the Central Presbyterian Church this afternoon at 2 o'clock. Dr. John Barbour, pastor of the First Presbyterian Church will conduct the service.

**RIVER NEWS**

The gauge marks 24.8 this morning and rising.

Packet service will be resumed tonight, the Greenland leaving Cincinnati for Pomeroy and the Chilro for Manchester.

According to reports from the local rivermen there is no danger of a flood unless very heavy rains fall. The cold weather that appeared last night will have the tendency to check the rise.

## OUR COLORED CITIZENS

The Annual Watch Night services will be held in Scott M. E. Church on next Sunday night, December 31. This is one of the most interesting services of the Methodist Churches throughout the world, and the local church here is making arrangements to make this service the most interesting of all the series. The meeting will open at 9:30 p. m. with the Sunday School teachers, officers and pupils with a program of unusual interest. 30 minutes or more will be given to this feature of the program. At 10 p. m. a review of the work of the church for the year will include the annual report of the treasurer followed by brief addresses by officials and pastor. Memorial services of deceased members followed by the last Roll Call for the year. This promises to be one of the most interesting features. There will be general speaking, brief sermons and exhortations followed by an altar service as the old year passes. The names of attendants will be registered as a memorial of this great meeting. Meeting will be dismissed in time to reach the latest street cars.

## A DELAYED VISIT

Santa Claus will visit the children of the Central Presbyterian Sunday School this evening at the church; arriving at seven o'clock. Old Santa sends a special invitation to all the older members of the congregation to be present and assist him in making the children have a merry time. In addition to his pack he has ordered candy from Mr. Traxel which will be pulled after his distribution.

The children of this school made a nice offering to suffering Belgians and home mountain work on last Sunday morning.

## SQUIRE JAMES CHAMBERLAIN

Squire James Chamberlain of this county, died at Lexington, Ky., Wednesday evening. Mr. Chamberlain was for a number of years a magistrate in the county. He was 75 years of age at the time of his death. He is survived by five children, Mrs. Charles Kreitz, Mrs. H. H. Rosser, Arthur, John and Leslie Chamberlain of this county. The funeral will be held this afternoon at 2 o'clock in the Maysville cemetery. Services will be held at the grave.

## PERSONAL

HOW IS THIS—The Maysville Nursery Stock Co. will now add to its 1917 catalogue issue, an extra advertising section for the business men of Maysville, and will be paid carriers of said Co., place a catalogue containing Maysville advertising section, to EVERY home, rich and poor, in Maysville and suburbs East and West, as soon as printed, at very little cost to advertisers. Drop us card if you wish space in the advertising section of our 1917 catalogues which circulates through many counties in Kentucky and elsewhere. MAYSVILLE NURSERY STOCK CO., Maysville, Kentucky.

Deafness Cannot Be Cured by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, Deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free. F. J. CHENEY & CO., Toledo, O. Sold by Druggists, 75c. Take Hall's Family Pills for constipation.
